Primjer: 'Report date' je 28.11., odabir 'Day' znači kakav je pick up bio za taj dan razrađen po donjim cjelinama (Market segment, Booking channel,...) - 'vs yesterday' znači koliko je za taj isti report date ušlo jučer ili odabirom 'vs last 15 days', koliko je za taj dan ušlo u zadnjih 15 dana. Ako odaberemo 'Month', onda koliko je 28.11. ušlo za mjesec studeni (ostatak mjeseca, nakon 28.11.) i u slučaju odabira 'Year', koliko je 28.11. ušlo za ostatak godine, od 28.11. nadalje.
